Mud And High Water Hamper Campaign At Bologna

BY LYNN HEINZLERING

Rome, Nov. 6. (AP)—German patrols jabbed hard at Allied positions in Italy today and enemy artillery laid down heavy fire as a long spell of bad weather broke and gave front line troops their first view of the sun in days.

American patrols also were active in testing defenses the Nazis have constructed around the southern approaches to Bologna. Mud and swollen streams still hampered operations.

German troops opposing the British advance up Highway 9 from Rimini to Bologna clung tenaciously both to the village of Ranco, two miles southeast of Forlì, and to the northeast corner of Forlì airfield. Sharp British artillery fire drove back German troops at Forlì yesterday.

An Allied communique disclosed that Allied warships for the past five days had been bombarding German positions near the French-Italian border.

Even After This Happens, American Women Can't Relax

Even after Killer Hitler himself throws in the sponge, American women must not relax on saving used fats in their kitchens. Because it's the Japs, not the Germans, who still have those territories in the Pacific that used to supply us with one billion pounds a year! Our fat salvage job isn't done until we blast the Nips out.

In the meantime, every drop of used fats is urgently needed to help make the tons of munitions, medicines, synthetic rubber and soaps that are needed for final victory.

So keep saving until V-J Day! Remember, the government gives you 2 free red points for every pound.

frame town hall in Hyde Park. Mr. and Mrs. Dewey go to New York to cast their ballots and wait for returns to start rolling in.

Four of five nation-wide polls showed Roosevelt slightly ahead on election eve. But they left themselves "outs" by pointing to possible room for errors and to a soldier vote which none could sample.

Professional politicians stood pat on victory predictions which varied, of course, according to their affiliations. National Republican Chairman Herbert Brownell Jr., stuck to a forecast of a sweeping GOP triumph and wouldn't admit Roosevelt would carry a state outside the solid south. Democratic Chairman Robert E. Hannegan still insisted Dewey would capture fewer than the 10 states which went Republican in 1940.

Nevertheless, the politicians would feel a lot more certain of results in their own minds if they had any way of determining which way the bulk of the independent, silent voters will turn. They are the ones who don't tell the man next door how they intend to vote, the ones most likely to split tickets or to ignore nominal party allegiance to favor a candidate they consider the better man.

Weather No Bar

And they're keeping an eye on the weather, which sometimes governs the size of the vote. The forecast's best calculation is that the elements will be no bar to a heavy turnout over most of the country.

While the attention of the nation and most of the world has settled on the Roosevelt-Dewey scrap, the folks back home around the town pump are interested also in governors, legislators and local issues.

Thirty-five states pick governors today. Executives of 19 of those states now are Republicans. The other dozen have Democratic administrations.

Admiralty's five senate seats, 22 now held by Democrats and 13 by Republicans, are at stake.

Maine re-elected her three Republican congressmen last September, but in the other states, 432 house seats have to be filled. The voters have 919 candidates to pick from.

Emil Hurja's Poll Gives Dewey Edge

New York, Nov. 6. (AP)—Four nationwide polls give President Roosevelt a slight lead as the nation's voters prepare to decide between him and Gov. Thomas E. Dewey tomorrow, but all agree that the presidential race is likely to be too close to try to pick a winner.

A fifth poll conducted a 28 counties of 15 states by Emil Hurja, associate publisher of Pathfinder magazine, gives the edge to Dewey. Its validity was challenged by Democratic national chairman Robert E. Hannegan, who described Hurja in a statement as an employee of "Republican oil man Joe Pew."

Minister At Cairo Killed By Gunmen

Cairo, Nov. 6. (AP)—Lord Moyne, British resident minister in the Middle East was fatally wounded today by two gunmen who attacked him as he was alighting from his auto at his home.

He died tonight in a military hospital, a few hours after he was shot in the neck and stomach. His chauffeur also was killed.

The assassins were captured.

The Egyptian government tonight broadcast a formal statement declaring that Lord Moyne's assailants were not Egyptians. Lord Moyne had been British minister in the Middle East since August, 1942.

Long Toms In Action

The 24th division brought up heavy artillery yesterday after capturing Pinampogan, northern terminus of the Ormoc valley highway, and long-range batteries were turned against Japanese defenses in the Ormoc sector.

A barrage of 400 shells from American Long Toms, the big 155 millimeter guns, hit Japanese concentrations before dawn Monday.

At Clark field, oil storage areas, shops and hangars bombed and set afire.

At Batangas, Lipa, Lagaspi and Lubang fields ground installations heavily damaged.

Land based planes meantime struck Japanese bases from the northern Kuriles to Nauru, blasting airfields, ground installations and attacking two 180-foot transports at Chichi Jima in the Bonins, south of Japan. Results of the bombing of the transports were not observed by the flying Liberators.

Gen. MacArthur's Headquarters in Philippines, Tuesday, Nov. 7. (AP)—Battle-hardened American infantrymen advanced four miles toward Ormoc, last Japanese port on Leyte island, along the winding Ormoc valley highway, headquarters reported today.

Infantrymen of the 24th division have pushed beyond Limon, on the Pinampogan-Orcos highway, after repulsing three small-scale night counterattacks, today's communique announced.

The Japanese mounted these assaults from positions in what the communique called "favorable defensive terrain."

American artillery, from forward areas, "is effectively shelling enemy bivouacs, gun positions and lines of communications in Ormoc valley, the announcement added.

Around Dagami, in central Leyte valley near the east coast, elements of the 96th division reported local clashes with enemy parties.

The communique said "our heavy bombing attacks on enemy airdromes in the Visayas has sharply reduced the scale of enemy air activity" over the Leyte area.

Ontonagon County Gets 2 New Bridges

Sealed proposals for the construction of two reinforced concrete bridges in Ontonagon county will be received at the U. S. state highway office in Escanaba until Wednesday, Nov. 15, it was announced Monday.

Both bridges to be constructed are on highway M-64, one 2.7 miles southwest of Ontonagon and the other three miles southwest of the village.

Successful contractor for the work will be required to construct a reinforced concrete and steel structure, remove the existing bridge and complete all incidental work involved in the project.

The bids will be opened at 10 o'clock on the morning of Nov. 15 and will be publicly read.

Weight Tax Refunds To Counties Listed

Lansing—Vouchers totalling \$3,136,856.55 for return to the counties of the 1944 third quarter vehicle weight tax collections have been sent to the auditor general by State Highway Commissioner Charles M. Ziegler.

The amount is \$1,081,507.96 lower than the corresponding return last year when \$4,218,364.51 was paid to the counties. For the first three quarters of 1944 returns total \$21,024,115.65 as compared with \$21,263,613.72 for the same period of 1943, a drop of \$239,498.

Delta county's share of the fund will amount to \$23,906.74. Marquette county will receive \$36,965.96; Dickinson county, \$32,463.71; Luce county \$10,111.92; Schoolcraft county, \$11,032.

Strike Ended For 3 Plants

Over 15,000 Workers Return To Jobs In Detroit Area

Detroit, Nov. 6. (AP)—Three Detroit area war plant strikes ended today as more than 15,000 workers returned to their jobs.

Some 7,000 to 10,000 members of the Mechanics Educational Society of America who Friday started a sympathy strike to support fellow MESA members in a Toledo, O., dispute, went back to work this morning. A score of plants had been affected, among them the Nash-Kelvinator plant which employs 2,200 MESA members.

The strike had led to Army seizure of eight struck Toledo plants. Some 25 Toledo plants were affected, and all reported MESA members returned to work.

Employees of the Continental Motors Corp. plant on Jefferson Ave., where 7,000 had been idle since Saturday, started back to work late today after a meeting in which they approved a settlement of their dispute over incentive pay. Ike Thurman, president of Local 280, United Automobile Workers (CIO), told the workers the management had agreed to file jointly with the union a request to the War Labor Board to abolish incentive pay systems at the plant and place all workers on hourly-rate wage schedules.

After a meeting of Local 99, UAW-CIO, some 1,200 employees of the Fruehauf Trailer Co. who had walked out twice last week in a dispute stemming from failure of two employees to contribute to the war chest, also returned to their jobs.

Election Smoker For Masons At Temple Tonight

All Masonic bodies together with their families and friends are meeting tonight in the Masonic hall for an election night smoker. Cards will be enjoyed by the ladies in their rooms and the men in the dining room until the reports of the election begin to come in.

A loud speaker will be connected to the Daily Press and all the latest information will be given to those present. In addition there will be radios in each room. Bulletin boards will be maintained and all the latest information flashed immediately to all.

A buffet lunch will be served by the committees. The coffee pot will be on boiling all the time. Out-of-town Masons are asked to attend and all Masons can come and go as they please. Just an old-fashioned open-house to the Masonic fraternity.

Hiawathaland Scout Council Will Meet

Munising, Mich.—The executive board of the Hiawathaland Council Boy Scouts of America, and committee chairmen, will hold their next executive board meeting at the Silvan Inn in Munising, Thursday evening, Nov. 9 at 5:00 p. m. The meeting will convene with group meetings of the various district committee chairmen followed by the general business of the Council. All committee chairmen are requested to be present if possible. Other committee members are invited to attend. This meeting is considered one of the important meetings of the council, as the members will decide on future policies of the council, with special reference to advancement, camping and activities, organization, health and safety, finance and leadership training.

Before storing window screens, cover them with paper and nail down on both sides.

Big Bay Lumber Operators Under Court Injunction

Marquette, Mich. — William & Olga Berkland, owners and operators of a saw mill at Big Bay, Michigan and a logging camp at nearby Ives Lakes, have been enjoined from any further violations

of the Fair Labor Standards Act (Wage-Hour Law).

Following the filing of a complaint in the Federal Court at Marquette by Charles A. Reynard, Regional Attorney, U. S. Department of Labor which charged the company with overtime and record-keeping violations and with shipping goods produced in violation of the Act in inter-state commerce, Federal Judge Fred M. Raymond issued an injunction restraining the partners and their agents from further violations of the Act.

Entry of the injunction was not contested.

FBI Law Officers To Meet Nov. 10

It was announced yesterday by Howard I. Bobbitt, Special Agent in Charge, Federal Bureau of Investigation, United States Department of Justice, Grand Rapids, that the FBI Law Enforcement Conference for the Third Period of 1944 will be held at the city hall auditorium, Marquette Friday November 10.

Bobbitt said the following law enforcement officers assisted in the formulation of the program for this conference: Captain O. E.

Demaray, Michigan State Police; Marquette, Chief of Police Donald McCormick, Marquette; Sheriff Howard C. Treado, Marquette, and Chief of Police Michael Ettenhofer, Escanaba.

The morning session will be devoted to an open forum discussion which will be led by Bobbitt on police efficiency. This discussion is to take into consideration the setting up of a model police department or sheriff's office. Equipment, personnel and location of such office will be the main points of the discussion.

At the afternoon session nomenclature of guns and ballistics will

be discussed by a representative of the Federal Bureau of Investigation.

City officials as well as the law enforcement officers of the following counties have been invited to the conference: Alger, Delta, Marquette and Schoolcraft.

Today's Election

WHILE the paramount interest of the voters in today's election, in Michigan, as in every state of the nation, is centered in the presidential battle, there should be and is deep concern over the results in the election of congressmen and state, district and county officers. For instance it is generally admitted that on the record of his service to his constituents, alone, Rep. Fred Bradley should be re-elected. Not even the most ardent New Dealers have claimed in this campaign that Congressman Bradley's opponent possesses any special qualifications for representing the people of the Eleventh district, that in any way measure up to either the experience of Mr. Bradley in public service, or his long record of accomplishments for the people of his district.

The same conditions are true as the governorship of Michigan. No one has or can, in this campaign successfully establish the claim that Gov. Harry Kelly is not entitled to reelection on his record. His opponent, certainly, possesses no qualifications to become chief executive of this state, that in any way entitles him to consideration over an executive who has proven his ability in his service to the people of Michigan, during one of the most critical periods in the history of this state. What is true as to Gov. Kelly is also true as to all of the present state officials.

And Delta county's representation in the state legislature, both in the state Senate and House of Representatives is of sufficient importance to demand the interest of all voters. No candidate for senator from the Thirtieth Michigan district has more completely won the confidence and the respect of the people, in his first venture into politics, than has George Girschbach, of Sault Ste. Marie. His qualifications as a successful businessman and as a citizen should commend him to the voters of the district. And Dr. Thomas A. Desilets, also making his first bid for political honors, by election to the office of Delta county Representative in the state legislature would bring to that office the vigor and the ability that office deserves.

The battle for county offices is largely a matter of personalities. But when one party becomes entrenched in power, in control of even county offices, there develops the danger of the abuse of that power, such as has already been proven in several Upper Peninsula counties. In the interests of good government no party should have a perpetual mortgage on even county government.

Should Be Commended

LEGITIMATE commercial fishing interests are the losers when certain fishermen violate the state laws by taking lake trout and other species during the closed season. The state legislature enacts these laws, upon the advice of conservation authorities, to promote the propagation of fish so that there will be a more plentiful supply to sustain the fishing industry for future generations.

Those who fish during the closed seasons and commit other violations of the conservation laws are actually taking an unfair advantage of the law-abiding members of the industry. It is such unlawful operations that are the reasons behind the steady depletion of the Great Lakes whitefish, lake trout and other valuable commercial species.

The commercial fishing industry owes a vote of thanks to the Michigan Conservation department, whose officers last week discovered the wholesale traffic in illegally-caught fish in the Garden district. It is to be hoped that the arrests will put an end to this outlaway.

No Shortage Seen

APPARENTLY desiring to avert a surplus cutting of Christmas trees this year, the Forest Service has issued a statement to the effect that there will be enough to meet the public demand during the approaching holiday season.

Early last fall, the word got around there would be a shortage of Yule trees, due to the manpower shortage in the woods and restrictions on transportation. ODT let it be known that no extra gasoline would be allotted for the trucking of trees to city markets, and announcement was made that the Canadian government was discouraging the cutting of Christmas trees because of the need for labor for other purposes.

Prices asked for the first trees to reach the markets were unusually high, and as a result almost every farmer and backwoods settler began cutting, hoping to make a killing. Too many of them had the same idea, however, and the markets were soon glutted. Many trees were abandoned in the empty lots of Chicago and other cities.

Such waste of Christmas trees is lamentable, of course, but it is unlikely that any amount of government control could

solve the problem. Ordinarily, the production comes quite close to demand. The Forest Service, incidentally, does not disapprove of the use of balsam, spruce and hemlock trees for Christmas decorations, for it points out that the cutting can become a part of thinning out operations that will promote the growth of other trees. The Christmas tree market, consequently, offers owners an opportunity to make supplementary income from their timber tracts. Christmas trees can be reproduced without much difficulty, and in recent years commercial nurseries have branched out into this field.

Grapefruit Promotion

GRAPEFRUIT growers in Arizona and California have voted to assess themselves up to four cents a box to advertise their product, according to Business Week. The California-Arizona crop will be a large one this year, a total of about 5-200,000 boxes. Back in 1940, the growers were unable to dispose of all their yield, and decided to do something about their problem. They got together and signed agreements to improve their grading, won back their market, and then began talking about an advertising program. This year, they put the assessment program into reality to raise \$200,000 for an advertising campaign. It is all very similar to the experience of Michigan potato growers, who having lost their markets to the much-advertised Maine and Idaho tubers, are now embarking upon a cooperative advertising program to be financed by assessing themselves 50 cents an acre. Like the grapefruit growers, the Michigan potato men are on the right track.

SCIENTIFIC POTATO GROWING
(Marinette Eagle-Star)

Records in potato yields tell the story of how the Escanaba Potato Boosters Association has stimulated the production of potatoes to the extent that a Delta county grower holds the state record with the remarkable yield of 715 bushels per acre. In 1939, the year before the association was organized for the sole purpose of interesting farmers in scientific methods of cultivating potatoes, Delta county had no potato grower with a yield of as much as 300 bushels per acre. This year, however, Delta county had 27 growers in the 300 bushel per acre club, 19 in the 400 bushel per acre club and seven with a record of 500 bushels or more per acre. While the Delta county yield this year has been unusually large, it is unmistakably clear that scientific farming, rather than favorable weather conditions, was the major factor. It was only four years ago that this year's state champion with a record yield of 715 bushels per acre was growing only about 250 bushels to the acre. Favorable weather didn't account for the fact his yield this year was nearly triple that of four years ago.

TIGHT FIT COUNTIES
(Iron Mountain News)

The Crystal Falls Diamond Drill cites election returns in Iron county the past few years to support the point that unless there have been marked changes in basic political currents victory in some of the tight fit upper peninsula counties will go to the party that does the best job of getting out the vote. "Election figures," it comments, "are easily forgotten; offhand few are sure who carried Iron county two years ago, and fewer who came out in front for President in 1936. Here are the official figures: In 1940, out of 9,661 votes cast for president, Roosevelt, Democrat, polled 4,808 and Wilkie, Republican, 4,766; fifty-five votes were cast for Browder, the Communist candidate. "Two years later Governor Kelly carried the county, 3,027 votes, to 2,906 for Van Wagoner, a mere majority of 121." These figures support the Diamond Drill's admonition: "So all of you who believe in the principles of Thomas Jefferson and have a bad taste for any sort of isms that intrude into an American campaign, get yourselves and your friends out to vote. An election is not won until the votes are counted."

CAN'T EXAGGERATE NAZI ATROCITIES
(Milwaukee Journal)

Despite all the evidence that has been submitted, some Americans who remember exaggerations from World War I (which have been skillfully exploited for 25 years by the Germans) still refuse to believe in the enormity of the crimes committed in this war by Germany. These crimes have been carefully checked. Many of them have actually been the subject of boasts by the Germans, especially in the earlier years of the war when the Nazis thought they could intimidate the rest of the world by threatening horrors. The greatest wholesale murders have been committed on the eastern front, where Poles and Russians have been slaughtered and tens of thousands of Jewish people put to death. Allied correspondents have inspected the ghastly death factories. And now the American ambassador, W. Averill Harriman, adds his voice to convince the disbelievers. He tells us that German atrocities on the eastern front have not been and cannot be exaggerated. He says the American people simply do not understand the unbelievable nature of the German atrocities. This is not a pleasant subject, but it is time we do understand. Mr. Harriman says there will be great variation in the estimates of total numbers of victims, but that the statistics are relatively unimportant, because the Germans have killed such great masses of people in their slaughterhouses that figures become meaningless in summing up the atrocity. The line-up of history, no nation stands with reader hands than Germany.

The Round Table

BY RAYMOND MOLEY

Just at the moment when Administration political orators were telling us that only Mr. Roosevelt was qualified to make peace terms, some astonishing news about the recent Quebec Conference comes out. It not only confirms Mr. Dewey's charge that

Moley

we have two foreign relations departments working in conflict with each other, but it shows how little Americans are permitted to know about preliminary peace negotiations. It has been known to a few people since Quebec that the British had a plan to which Mr. Roosevelt was favorable — a plan by which Great Britain was to get vast postwar commercial advantages at our expense. But documentation was difficult to get because the whole matter was a deep secret in Washington. To make it known would have given Mr. Dewey his biggest gun, and every effort was made to keep it secret until after election.

But it has now come to light in astonishing detail. Among the various accounts, that of Mr. Arthur Krock of The New York Times deserves the closest attention. For Mr. Krock is the newspaper man in Washington who is closest to Secretary Hull. He is also one of the best journalists in the United States.

According to Mr. Krock, the British first asked for \$6,500,000,000 in lend-lease, of which \$3,500,000,000 was to be in non-military goods which the British might need. This amount for resale has now come down to \$2,500,000,000. This means substantially that we shall go beyond the mere loan of money and provide Britain with the non-military products of our factories to give her a big advantage in establishing a position in foreign trade while she is engaged in reconverting her own industry. We should therefore deny a hungry market a large industrial output here and also delay the restoration of our own foreign markets.

It now becomes apparent why Mr. Morgenthau, the faithful friend of the President, rather than Secretary of State Hull and former Secretary of State Stimson were not included in the Quebec party. This is some more personal diplomacy, with the regular machinery of foreign relations short-circuited. For Messrs. Hull and Stimson, as reported by Mr. Krock, were strongly opposed to the Morgenthau plan for destroying German industry. They were apparently less sympathetic than Mr. Morgenthau to the new British lend-lease proposal.

It also becomes apparent that Mr. Morgenthau's favorable attitude toward the lend-lease plan had brought from Britain encouragement for Mr. Morgenthau's German plan. Mr. Krock reports that "The President is said to have given the British proposal a 'cordial reception' but that he could only agree 'in principle'."

Of course, he could agree only "in principle," because such a plan runs squarely into a Congressional prohibition on the resale of lend-lease material either of a military or a non-military character. Congress must also appropriate further funds for such a proposal as this will get a thorough airing.

But we should have had that airing well before this election because it goes to the very heart of issues which only the voters should decide. It should be added that Lord Keynes, for whom New Dealers have a very special affinity, is now in Washington promoting the British plan.

Take My Word For it . . . Frank Colby

The noun means, "A collection; a classified summary," as The Reader's Digest. The verb means, "to assimilate, either mentally, or by action of the digestive tract." In English, words that are both nouns and verbs are customarily distinguished by a shift in the accent, as con-tract, noun, con-tract, verb; ex-tract, noun, ex-tract, verb; per-mit, noun, per-mit, verb, etc. That digest should obey this rule is shown by the consensus of eleven American and British dictionaries. All list the noun with this pronunciation only: DY-jest. For the verb, the first choice of nine and the only choice of two is: di-JEST, the "i" being short, as in "did, digit." In best usage, derivatives of the verb follow the same pattern, thus: digested: di-JESS-ted digestible: di-JESS-ti-b'l digestion: di-JESS-chun digestive: di-JESS-tiv The word EXPERT is both noun and adjective. The noun is accented only on the first syllable, thus: EX-pert. The adjective (He is an expert golfer) should be accented on the second syllable, as: ex-PERT. Likewise, the adverb, expertly, receives a second-syllable accent, thus: ex-PERT-ly. ACCENT, the noun, is accented thus: AK-sent. In the verb, the accent shifts to the second syllable: ak-SENT. The past tense, accented, is: ak-SENT-ed. Binoculars borrowed by the Navy are being returned to U. S. citizens. Our Navy has already found what it was looking for in the Pacific. Some candidates now sitting on top are going to find out how easy it is to slide down a poll. One nice advantage poor folks have is they can pick their own friends.

WEEKEND FLYING — Come that postwar period we all have over-talked about, we may (or may not) hop into our flying machine and soar away to the nearest resort spot for a recreational weekend. So says Aviation News, with the added information that the Aircraft Owners and Pilots' association is working with the American Hotel association to select a list of resort hotels where landing strips may be constructed.

Dunathan

"A list of over 200 such proposed landing area sites already has been forwarded to CAA and CAB for survey leading to postwar development. AOPA points out that the more inaccessible the resort by other means of travel the more advantageous the landing strip installation would be." This leads to some wonderful possibilities for our Upper Peninsula resort centers, whose location is off the beaten track. But it can be safely assumed that, no matter how ardently folks want to reach the out-of-the-way places, they will still travel largely by auto. The highway will not overnight become a useless relic.

TO THE PHILIPPINES—United Seamen's Service, member agency of the United War Fund, is backing up the merchant seamen who are delivering supplies to General MacArthur's invasion of the Philippines. That's the way the War Fund works.

Through United Seamen's Service a floating club for merchant seamen, the USS Klang, was ordered to an undisclosed destination, where it will serve merchant seamen engaged in the Philippine invasion. There is a canteen, a motion picture theater, game and writing rooms, and a dispensary. A similar club is now operating in LeHavre, France.

This kind of service is supported by your contribution to the War Fund.

NOT DECEASED — The other day The Bugler related the story of an old automobile license plate, told how the car was purchased many years ago from "the late Charles Slater" of Escanaba.

Well, it so happens that Mr. Slater is not "the late" by any means. In fact, he is working for the Buick company at Flint, where he moved about 1906 or 1907, says his sister, Mrs. William Haglund of 1225 Washington avenue.

Mr. Slater started a garage here about 1898 and continued it to about the time he left Escanaba. It was during that period that the car mentioned, bearing the license plate referred to, was purchased. Now Mr. Slater can, with Mark Twain, say "the reports of my death are greatly exaggerated."

ELECTION DAY—Today is election day. If you don't vote you can't get in on the cheering—or the weeping, either. For some will win and some will lose, and there will be victor and vanquished. That you vote is the important thing. No matter how the election goes you have done your part for your country.

Although you are a good citizen in other ways, unless you vote you are a poor citizen. It has been apparent for some time that the vote this day will be the largest outpouring of the electorate opinion in the history of our country. That is as it should be. Important issues demand decision, and the more definitely those issues are decided the better it will be for the future of our country—and for you and me.

Now that you have registered be sure and vote. Let nothing stop you from exercising your franchise.

BETTER TIMES—Indicative of better economic times of today in

The "new deal" stuffed a huge Democratic congress into the bag in yesterday's elections, and in complete returns indicated a stupendous sweep would engulf more governorships and other state offices than the Democrats expected. With returns incomplete for the county, it appeared Delta voters had given an imposing margin to the Democratic candidates, although some of the races were close enough to leave the final decision in doubt. In the state, however, it looked as though the Republicans had been restored to power. With nearly half the precincts accounted for, Arthur H. Vandenberg and Frank D. Fitzgerald, were rushing toward the metropolitan area with a 100,000 majority.

20 Years Ago—1924

Manistique—Another industry will become active here with the opening of the Manistique Handle company, which has been idle for the past year. The factory embraces about 75,000 feet of floor space and a ground area of five acres. To start with the plant will employ 30 to 40 men, a number that will increase to 50 when it is in full operation.

25 Years Ago—1919 Benjamin Kratze, John Fleming, William Ehnerd and T. F. Kessler went to Nahma last night to assist in the organization of a post of the American Legion in Nahma.

Organization of one eight team bowling league was held up while attempts were being made to secure six more men to complete the lineup. It was explained that while there were plenty of medium bowlers, six were wanted who were a little above the average in ability.

Delta county is the way folks are bidding for the state lands offered for sale at auction by the Michigan Conservation Department. Charles Millar, Lansing, assistant chief of the lands division for the department, said that the sale in Escanaba Friday has its counterpart in sales held in other counties of Northern Michigan.

People have money to invest in land, and they are buying. Farmers purchase a 40 acre tract to their land; timber companies are buying up almost anything with a few sticks of pulpwood on it; folks with a little cash are buying sites for hunting camps and cabins.

The land sold at auction, of course, is that which reverted to the state because the original owner failed to pay his taxes. The sale is the opportunity to get the land back on the tax roll. At the same time it brings revenue to the taxing unit in which the land is located.

A total of 249 parcels of property were sold in Delta county by the state the other day, bringing a total price of \$31,670. What most folks don't know is that not one cent of that money goes to the state. It is all returned to the local taxing unit—is apportioned to the school district, the township and the county.

FUORE—Friday afternoon at the land sale saw an incident which created more than a little excitement in the crowded court room where the auction was being held. A serviceman in uniform bid on a piece of land, only to lose out when the price went to \$500—higher than he could pay. He waited for another piece of land to come up for sale, then bid \$500 to start, got up, made a scathing speech in which he said "I hope all servicemen are not treated this way when they come back," and walked out.

The crowd yelled its approval. Millar asked him to come back and the auction of the piece of land in which the serviceman was interested was started again. The serviceman this time bid \$100—and so did his competitor, and received loud "boos" for his effort. Millar recognized the bid of the serviceman, and the civilian dropped out, red-faced.

MAE WEST is netting over \$3,000 a week as star and author of "Catherine Was Great." The play has been remarkably successful, for it was panned by all the critics, without exception. . . . Miss West, of course, wrote the best lines for herself. Ernst Lubitsch once protested about this practice, when he was producing a Mae West movie in which Victor McLaglen was co-starred. "You haven't given him enough lines," Lubitsch reminded her. "Remember, in every story there are parts for at least two players. Look at 'Romeo and Juliet'!" . . . "Well," shrugged Mae West, "that was Shakespeare's technique."

FRANK SINATRA spent an hour with Vice-President Wallace last night. Sinatra, now imbued with social responsibility and mindful of his influence upon American youth, will devote much of his time, in the next few years, to lecturing on tolerance, in the high-school auditoriums of the country. . . . Donald M. Nelson may rest at Hot Springs, before flying to his next assignment. . . . Just before Sgt. Lenny Kent, the night club comic, was shipped overseas, one of his friends reported: "In Esquire, George Jean Nathan calls you the worst comic in America." Kent replied: "So what? It makes no difference, so long as they write about you."

LT. COL. WILLIAM WYLER, the Academy Award winner who was awarded the Air Medal for the operational flights he made while producing "The Memphis Belle," back in England. Col. Wyler has received countless film offers to remain there after the war is over and direct films in the British studios. He refused all these offers. . . . Once, in London, an independent producer wanted Wyler to direct a quickie and suggested: "We'll let you spend \$30,000." . . . The director asked: "For what brand of cigarettes?"

The Washington Merry-Go-Round

BY DREW PEARSON
(Lt. Col. Robert S. Allen now on active service with the Army)

Washington—During the campaign, Ann Sheridan, having returned from touring the war camps in India and Burma, wired Warner Brothers in Hollywood, with whom she has a long-term contract, asking if she could suspend her contract for about six weeks in order to do some campaigning for Governor Dewey. She added that she knew Warner Brothers were for Roosevelt, but she wanted to do some work on the other side.

Pearson

To this Harry Warner wired back, telling her to take the time off she wanted and adding: "Isn't this a wonderful country where you can all be good friends after the election?"

To which words, this columnist would like to say Amen and add that it's an even more wonderful country than most of us realize, because probably no other major nation in the world could weather a wartime election of such importance.

Great Britain has not had a national election for nine years. Brazil has not had one in over a dozen years. Canada and various other British dominions, where, according to political scientists, democracy flourishes even more luxuriantly than here, have had no national wartime elections.

On the other hand, Cuba, though a belligerent, has held a Presidential election. Perhaps the U. S. A. can take a little second-hand pride in the Cuban election, because the Cubans were going along with our example.

Anyway, it takes a strong democracy, a tolerant democracy, to withstand the brickbats, the name-calling, the savagery of what has been the most difficult campaign since the 1864 campaign between Lincoln and McClellan.

And now that it's over and we have demonstrated that we can do it, let's all get on with the war.

—PETTICOAT POLITICS— Women sometimes have a lot to do with backstage politics. Witness Mrs. Will Clayton, wife of the suave, handsome Surplus War Property Administrator who, because of his anti-Roosevelt business associates in Texas, has been accused of being against FDR.

The other day, however, Will Clayton made a speech before the Women's Democratic Club on the subject, "Why I Am for the Re-election of Franklin Roosevelt." Behind that speech was a lot of feminine wire-pulling—chiefly by gracious Mrs. Clayton.

Mrs. Clayton is a lady of both force and charm. Frequently she differs with her husband. When he contributed \$7,000 to the Liberty League against Roosevelt in 1936, she contributed \$7,000 to help Roosevelt.

In this year's campaign, Mrs. Clayton wanted it definitely understood that her husband was for Roosevelt. She went, therefore, to Mrs. Will H. Davis, wife of the chairman of the War Labor Board and herself chairman of the program committee of the Women's Democratic Club, suggesting that Clayton speak before the club.

Mrs. Davis gladly agreed. Then Mrs. Clayton, to make doubly sure that her husband's position was understood, arranged personally for a radio hook-up. Will Clayton was against the President in 1936, but there is no question about where he has stood in 1944.

—HILLMAN WOULD END PAC— Sidney Hillman didn't advertise it but, during the last days of the campaign, he took steps to disband his controversial Political Action Committee. The final decision will not be up to him alone, for the whole thing will be threshed out at the CIO national convention in Chicago Nov. 20.

Not waiting for the convention, Hillman already has sent notice to most of the 200 members of the PAC staff that they go off the payroll Nov. 15. Originally PAC was set up as a permanent organization, and there are several schools of thought inside the CIO regarding its continuation. One group, including auto workers president R. J. Thomas, wants to keep PAC alive. Hillman, on the other hand, wants to shut up shop, concentrate on New York politics, and also get his health back.

—POLITICAL CHAFF— All during the war, FDR has been a close reader of Carl Sandburg's "Lincoln" and has continued his reading during the campaign. Someone who dropped into his private study one day found a copy of the book open to Lincoln's war days. . . . During the 1864 campaign, McClellan's followers accused Lincoln of squandering public funds, mismanagement of the Government, destroying civil liberties, meddling with the war, and standing out for "unconditional surrender." . . . Lincoln's followers called the McClellan people "copperheads." . . . Lincoln ran as Commander-in-Chief. He was helped materially by vital military victories, including the Battle of Mobile Bay and Sherman's march through Georgia, which gave proof of his effectiveness as commander. In the end, he carried all but three states in the Union—New Jersey, Delaware and Kentucky. . . . In the 1940 Wilkie-Roosevelt campaign, the House and Senate campaign investigating committees compiled 410 pages of exhibits of scurrilous literature. They expect the total in this campaign to be much greater. Neither party is simon pure. . . . Last summer a young friend of GOP Congressman Joe Martin asked his advice about running for office. The sage Martin replied: "I wouldn't get into this campaign unless I had to. This is going to be as dirty and under-handed a campaign as the nation has ever seen. Stay away from it if you can."

Voters Cast Ballots Today In Presidential Election Year

Private Bannister, Rapid River, Took Bee With Coffee

With the Third Army in France —The bees of France have become a major problem to the Army nurses serving in the evacuation and field hospitals. Swollen eyes and lips, hands and forearms are not unusual afflictions for these girls. They have dubbed the bees "Hitlers secret weapon." No amount of flailing arms and shooting can ward off the battery that comes dive bombing on the messkits at chow time. "Don't kill them, the mess sergeant warns the nurses. "If you knock out one, 10,000 more come to the funeral."

The bees have a predilection for toothpaste, soapsuds, face powder

and lemonade and even nose into letters from home. Head washing attracts a large offensive and the hum that surrounds the shampooer doesn't come from water in the ears.

Pfc. Andy Bannister, Rapid River, Mich., a surgical technician serving in the shock ward, swallowed a bee in his coffee and suffered temporary paralysis of the vocal cords. Second Lieutenant Leona M. Holt, 505 5th St., Milbank, South Dakota, anesthetist worked for two days with a badly swollen hand resulting from a sting.

American blood has a terrific reaction to the punctures inflicted by the French bees. The swellings are extensive and last for several days.

EXPECT VOTING TO TOP RECORD

Polls Open From 7 a. m. To 8 p. m.; Electors Get Four Ballots

An outpouring of votes today is expected to set a record for Delta county and probably for the nation as the electors go to the polls to vote for a list of candidates headed by those for the office of president of the United States.

In Michigan the electors will receive four ballots: National—President and vice president of the United States. State—Headed by candidates for governor and lieutenant governor; and for congressional, legislative, and county offices. Judicial—Non-partisan for judge of probate and circuit

in congress, Cecil W. Bailey. Legislative — State senator, Ralph R. Olsen; representative for Delta county, Peter R. Legg. County — Prosecuting attorney, J. Clyde McGonagle; sheriff, William E. Miron; county clerk and register of deeds, J. Theodore Ohlen; county treasurer, Robert C. Pryal; drain commissioner, Leo J. Laviolette; county coroners, Charles E. Kirch and Kevill Murphy; county surveyor, Joseph E. Gingrass.

Non-Partisan Ballot
In Delta county there is no opposition for the candidates on the non-partisan judicial ballot.

William J. Miller, incumbent judge of probate, is a candidate for reelection and is unopposed. Attorneys Denis McGinn and Charles E. Lewis are unopposed for the two offices of circuit court commissioner.

Amendment Ballot
There are four proposed amendments to the state constitution offered to the voters. They are:

No. 1.—To change the restriction of furnishing water by any city or village to an amount not to exceed 25 per cent of that furnished by it within its corporate limits.

No. 2.—Relative to the eligibility of members of the legislature to be candidates for and elected to state offices.

No. 3.—Relative to compensation of members of the legislature.

No. 4.—To permit Wayne county to adopt a home rule charter.

Polling Places
Following are the polling places for the eight voting precincts in the city of Escanaba:

First precinct—Carnegie Public Library.
Second precinct—Franklin school.
Third precinct—City hall building.

Fourth precinct—Jefferson school.
Fifth precinct—Junior high school building.
Sixth precinct—Barr school building.

Seventh precinct—Fire station No. 2, Sheridan road.
Eighth precinct—Senior high school building.

Soldier Reported Missing, Wounded In France Oct. 10

Pfc. Clarence Ingersoll, 22, who was previously reported missing in action in France since Sept. 13, was not missing in action but was seriously wounded in action in France Oct. 10, the war department has informed his wife, the former Marjorie Suino, daughter of Mrs. Kenneth Mallman, of Escanaba.

After being notified Oct. 5 that her husband was missing in action, Mrs. Ingersoll subsequently received a letter from her husband dated October 6 in which he reported he was in good health. This information was relayed to the war department who reported that they have received no further information.

Sunday Mrs. Ingersoll was notified by telegram, however, that her husband was seriously wounded in action October 10. The contents of the telegram follow:

"Reference my telegram 5 October now received, state your husband as seriously wounded in action 10 October in France and not missing in action as previously reported." The telegram was signed by the adjutant general.

WOUNDED, NOT MISSING —Pfc. Clarence Ingersoll, previously reported by the war department as missing in action, was wounded in action in France Oct. 10, his wife has been notified.

Henry Vizineau Boasts About U. P. Out In California

A story, entitled "He Hunted With Bow and Arrow," the subject of which is Henry Vizineau, an employee of the Hammond Aircraft, of California, son of Mrs. Mary Sylvester of the North Bay Shore, appears in a recent issue of the company's paper.

The article, which is accompanied by a photograph, is in part: "Henry Vizineau has the sort of American background that would make any red-blooded man's mouth water and his fingers itch. With Lake Michigan fifty feet behind his home to be sailed and swum and fished in the summer and skated and ice-boated in the winter, there was little more that he could have wanted in the way of aquatics. On the landward side lay the entire state of Michigan with its streams and lakes and forests for hunting and brook fishing.

"The fishing, skating and swimming were all done in the conventional manner but in hunting Henry forgot the modern language of gun and powder and turned back again to the art of our predecessors. A bow and arrow were the weapons he used while you and I took pot-shots at sparrows

and cottontails with bee-bee guns and rifles. "The use of the bow and arrow is not peculiar to the Vizineau clan, Michigan boasts the Hiawatha club with several thousand acres of land devoted solely to members who are allowed only bow and arrow for bringing down a deer or whatever else they may choose to try to hit."

The article closes with a description of Mr. Vizineau's activities at the plant, where he is employed in the tooling department and also serves as a member of the labor-management committee.

TORVAL STROM SEEKS THE OFFICE OF PROSECUTING ATTORNEY BY HIDING BEHIND THE UNIFORM OF A SERVICE MAN!

To the Voters:

Mr. Strom, in the Sunday Issue of the Escanaba Daily Press, could not resist in his last minute attempt to obtain the office of Prosecuting Attorney, to use and sling mud, an old, cheap, political trick of his.

In the first place, I am running for this office on my own name and merits and am not attempting to hide behind the uniform of a service man to win the office.

In the second place, I can do exactly as much for Mr. McGonagle, as Mr. McGonagle has done for Mr. Strom.

Therefore, I again say that I will turn the duties and benefits of the office over to Mr. McGonagle, as I have promised him. It is now very clear to the voters of Delta County who my opponent is, and who is receiving all the salary from this office. Your vote for Mr. McGonagle is merely a vote for Mr. Strom.

The statements published Sunday by Mr. Strom are absolutely untrue and false.

24 ACCEPTED FOR SERVICE

Quota Of Only 3 Draft Registrants Fixed For November

Twenty-four Delta county draft registrants were accepted for general military service at their pre-induction examination in Milwaukee recently, the local draft board announced yesterday. Three of the men were accepted for immediate induction at their own request and entered service immediately.

The men accepted for immediate induction are: Robert Victor Thibault, accepted for the navy; Robert James Biehler and Raymond Joseph Laundre, accepted for the army.

Men accepted for general military service and who returned home to await call for induction are: Clarence Waldemar Gabrielson, Andrew Harold Jones, Jr., Raymond Zenon Robitaille, William Joseph Needham, Leslie Elmer Anderson, Charles Sabier, Nick John Krolich, Walter Merle, Donald Henry Pfeiffer, Charles Robert Gould, Lawrence Joseph Bussineau, John Jack Pratt, Nick Joseph Alko, Jr.

John Coleman Walsh, Walter Shirley Oliver, Napoleon Henry Mischeau, Oliver Wallace Swanson, Dale Arne Sviland, Willard Norbert Olson, Myron Farley and Bernard Conrad Olson.

Three men have been called for induction on Nov. 29. This call will be filled by volunteers, the local board indicated. In addition 20 men will be called for pre-induction examination Nov. 27.

Temporary Farm Releases
The local board also announced yesterday that registrants 26 years of age and older with farm deferments, 2-C classifications, who desire temporary release from their farm occupations to take employment in essential industry will be permitted to do so for a period not

to exceed four months. This arrangement is made because of the seasonal nature of farm employment.

Before such releases will be granted, however, it will be necessary for the registrant to make his application to the draft board in writing, together with the name of the business activity and the employer to whom the registrant will be attached. Such transfers also are subject to the controls established by the War Manpower Commission.

No temporary releases will be granted to registrants under the age of 26 years. If any of these registrants can be spared from their farm jobs during the off season, it is presumed that they can be inducted into service without rendering undue hardship upon the farm employer.

Powers

Mrs. George Savoie returned this week from Detroit where she had gone to spend a week with her daughter Audrey. Mrs. Savoie attended the wedding of her daughter on Saturday morning. A bridal shower was held in the bride's honor at the Savoie home, near Powers, on Wednesday evening.

Xavier Pessinaut, 81 year old brother-in-law of Mrs. Edmire Pessinaut of Spalding is receiving treatment in St. Francis hospital for injuries suffered when he fell down a stairs in the home of his sister-in-law early Sunday morning. The aged man was reaching for a light switch but missed his step and fell down the stairway. X-rays were taken to determine the extent of the injuries to his neck and chest.

The Powers-Spalding home extension held its first meeting at the Williams home on Friday, Oct. 27th. The lesson and instructions for making purses and bags was presented by the leaders, Mrs. William Nelson and Mrs. Evelyn Fazette.

Mrs. Art Eastberg and daughter Donna Joy returned Thursday morning from Ann Arbor. The baby was taken to the U. of M. hospital for treatment on Monday and Tuesday of this week.

Miss Mary Lee Bonee of Marinette visited here with her grandparents, Mr. and Mrs. F. D. Wells, on Friday afternoon.

News From Men In The Service

With the Fifth Army, Italy—Corporal Gordon Parrott, of Daggett, Mich., and several other members of his unit recently rescued two of their comrades who had been captured by the Germans on the Fifth army front in Italy. In the action, they also killed five Nazis, wounded four and took two prisoners.

Hastily organizing a rescue party in their outfit of the 85th "Custer" Infantry division, Parrott and his companions stormed the house used as a German company headquarters and freed their friends. The entire foray required but 15 minutes.

"I hope I don't get court-martialed for acting without orders," Parrott said upon returning.

Parrott, who came overseas as a mortar gunner in January, 1944, attended Daggett high school before entering the service in May, 1942.

An Eighth Air Force Fighter Station, England—Sgt. Arvo E. Johnson, 31-year-old aircraft mechanic, son of Mr. and Mrs. Oscar Johnson, of Route No. 1, Rock, Michigan, and S. Sgt. Paul A. Louis, 35, aircraft armorer, of 511 Montana avenue, Gladstone, are among those honored by a Presidential Citation of the 4th Fighter Group of the Eighth Air Force, "as public evidence of deserved honor and distinction."

The fighter group commanded by Col. Don Blakeslee, of Fairport Harbor, O., was praised by the citation for "its extraordinary heroism, gallantry, determination and esprit de corps" during the period from March 5 to April 24, 1944, when its P-51 Mustang pilots destroyed 323 German planes, 189 in aerial combat and 134 by strafing attacks.

An Air Service Command Station in England—Cpl. Robert H. Faulkner, the son of Mr. and Mrs. Chas. H. Faulkner of Seney, Mich., recently completed an orientation course designed to bridge the gap between training in the states and combat soldiering against the enemy in Germany.

Before entering the Army Air Forces, he was employed as a CCC, by the 3626 Camp Germfask, in Germfask, Mich.

Staff Sgt. John Lueneburg, of this city, son of Mr. and Mrs. Lueneburg, 524 South Nineteenth street, who has been overseas since March, has returned to active duty in Italy, after being hospitalized for the second time. He has been awarded the Purple Heart, which he is sending to his mother to give to his wife, whose home is in Monroe, Ore., and who is now visiting here with his parents.

Staff Sgt. Don J. Guindon, son of Mrs. Peter Guindon of 1212 Seventh avenue south, has arrived safely somewhere in England, according to word received by his mother. He has been in service for 21 months and is with the infantry service department. He was last home in August on a 15 day furlough.

CASUALTY—Cpl. Leslie Rinkemberger of Escanaba, who had been serving with the U. S. army in Italy, was killed in action on Oct. 19.

Millions Switching To Mutton Suet And Medication

"Old Reliable" For Relieving Chest Muscle Tightness-Coughing, Rheumatic Pain, Simple Bruises and Many Other Home Uses.

Grandma liked to "rub" miseries of chest colds and other simple pain. She medicated her rub but insisted it contain mutton suet. She liked the way mutton suet disappeared as it helped carry medication to nerve ends in skin to relieve pain. Today science has modernized Grandma's old-time pain relief principle to bring you Penetro, the salve that contains mutton suet plus 5 active ingredients. Mothers now thank Grandma for her old idea that created this newer relief.

In this colds' season, Penetro is especially helpful in easing chest muscle tightness, chest rawness, loosening phlegm, relieving coughs. That's because Penetro melts instantly, quickly vanishes to act 3 ways: (1) To relieve pain at nerve ends in skin. (2) To ease chest muscle tightness by counter-irritation. (3) To soothe irritated breath passages through inhaled aromatic vapors. Penetro is so helpful, too, in easing rheumatic and neuralgic pain, taking sting from chapped lips and nostrils, and as a soothing dressing for bruises, minor cuts. Today get clean, white, easy-to-use Penetro.

REPUBLICAN COUNTY COMMITTEE

McGonagle—Your Prosecutor

WAS IT TRICKERY OR IGNORANCE?

TO THE VOTERS OF DELTA COUNTY:

Clyde McGonagle, your Prosecutor, now in the Navy, is a candidate for re-election. The duties of his office as Prosecutor have been and are being cared for by me, as Acting Prosecutor, under court order made by Circuit Judge Bell, on the recommendation of Mr. McGonagle. He did not resign, but merely took a leave of absence for military service.

His opponent complains that McGonagle, a Democrat, should have recommended the opponent, a Republican, because of their intimate friendship.

Politics are not handled that way. McGonagle could not recommend a Republican if a Democrat was available. Neither the Democratic voters of the County, nor the Democratic County Committee, would stand for such a thing.

Still alleging his friendship with a sweeping gesture, Mr. McGonagle's opponent has made four different promises to the voters of Delta County, that if elected, he would, upon Mr. McGonagle's WRITTEN application, return the job to him.

First, the opponent said he would do this "immediately" upon Mr. McGonagle's return. Second, he said he would do this "during the opponent's first term." Finally, he said he would do it "after the duration."

Then he cancels all these promises, admitting his error as to the law, and that he had no power to give or return the job to, or appoint McGonagle as his successor.

Now he revises the promise, in his attempt to influence the voters against his friend, Mr. McGonagle. Now he says he will appoint Mr. McGonagle as his ASSISTANT.

As a lawyer, this Republican candidate must know that under the law he cannot appoint an assistant, without the consent and approval of the Board of Supervisors and the Circuit Judge. If he admits his error on this point, he must admit further that his latest promise is as empty as his first. It is a tricky offer to the voters. It is a promise of a job, a thing of value, which is prohibited by the law.

THE ONLY WAY TO RETAIN THE OFFICE OF PROSECUTOR FOR CLYDE MCGONAGLE IS TO RE-ELECT HIM, and permit the Acting Prosecutor appointed by the court to perform the duties of the office until Clyde returns. Neither he nor the voters can depend upon void, illegal, or empty promises, designed merely to fool the unsuspecting voter. It may be "clever" politics, but it is equally dishonest. Be sure you are not tricked. VOTE FOR J. CLYDE MCGONAGLE for Prosecutor on the Democratic Ticket.

Respectfully,

Torval E. Strom

VOTERS GO TO POLLS TODAY

Record Vote Expected; Gladstone Men Seek County Post

Gladstone voters will go to the polls today to vote in the general election and a record vote is expected to be cast.

Four ballots will be given each qualified elector visiting the polls: the presidential ballot, listing 7 political parties, the state and county ballot, the non-partisan ballot for probate judge and the referendum ballot bearing four proposed constitutional amendments.

Polls will be open from 7 a. m. to 8 p. m. Although the legislature acted to allow extension of the polling time two hours, city officials believed it unnecessary in Gladstone to extend the time.

Two Gladstone candidates are seeking the county clerk's post, Ted Ohlen, the incumbent and Democratic candidate, and Paul Creten, who is opposing Ohlen on the Republican ticket.

The election boards:
Precinct 1—Mrs. Joseph P. Louis, Mrs. Lorraine Willis, Mrs. Jack Snouwaert and Mrs. Charles Lemerand.
Precinct 2—Rev. Theophil Hoffmann, Mrs. Ida Williamson, Mrs. Hugh McMillan and Mrs. Ann Laine.

Precinct 3—Mrs. Ida Strand, Mrs. Ragnar Kallerson, Mrs. Kathryn Swenson and Mrs. Rose Louis.

Precinct 4—Mrs. Mary Stock, Mrs. Nettie Kee, Mrs. Pearl Coon and Mrs. Mary Murdoch.

The Rocky mountains were once called the Stone mountains.

Social

Michael's Party

Michael Maskart entertained a group of little friends at a theater party Saturday afternoon in celebration of his 8th birthday anniversary.

The group then repaired to the home of Michael's parents, Mr. and Mrs. Al Maskart, where a tasty birthday luncheon was served. A prettily decorated birthday cake centered the table. Michael received a number of valuable gifts as mementoes of the occasion.

Guests at the party were Donald Goodreau, Duane Erickson, Carl Sederberg, Dick Sundling, Dickie Duchey, Jimmie Brackick, Jimmie Johnson, Leon Berglund, Clarence Closs, Tommy Quinn and Larry Maskart.

ADOLPH LUSIC WAR CASUALTY

Local Youth Wounded In Germany; Now In Paris

Pfc. Adolph Lusic, son of Mr. and Mrs. Matt Lusic, 1708 Minneapolis avenue, is another Gladstone war casualty, according to word received here by his parents.

The telegram from Adjutant General J. A. Uilo reads:

"Regret to inform you your son Private First Class Adolph A. Lusic was slightly injured in action fourteen October in Germany. You will be advised as reports are received."

Since receiving the message, the parents have received a letter from their son which indicates he is being hospitalized in Paris. However, it does not mention the injury.

Pfc. Lusic is in the infantry and received his basic training at Fort Jackson, S. C. He went overseas in May of this year. Stationed first in England he later was sent with American forces to France.

MUNISING BOY CRASH VICTIM

Injuries Prove Fatal To Melvin Belfry, 19, Six Others Are Hurt

Munising—Melvin Belfry, 19, son of Mr. and Mrs. Roy Belfry, was fatally injured in an auto crash which occurred Sunday morning at 2:30 about a mile west of the Beaver Park dance hall. He died at 5 o'clock Sunday morning in the Munising hospital from chest injuries and a skull fracture. Six others in the car were badly injured.

The youth was driving a light sedan which belonged to his father and was apparently driving west on M128 when the car left the road and traveled on the shoulder for about 20 yards. Belfry attempted to bring the car back on the highway when it got out of control, rolled for a distance of 200 feet and threw the occupants out of the car and landed upright in the middle of the highway.

A passing motorist immediately called the police and ambulance. All but one of the occupants were unconscious.

Also in the car with Belfry were six other youths: Edward Perry, 18, whose scalp was nearly cut off and may have serious skull injuries; Bernard Lord and Richard Flatley, both 17, suffering from lacerations, cuts and bruises; Glen Cargill, 20, cut about the face and badly bruised; Robert Cargill, 17, cuts on the forehead, and Eugene Richards, 17, who had numerous cuts and bruises and a broken wrist.

The accident victim is survived by his parents and two brothers, Keith and Verlin, also his grandparents, Mr. and Mrs. Alex Belfry.

The body was taken to the Beaulieu and Madison funeral home and will be taken to the home of the parents on Elm avenue at 2 p. m. Monday. Services will be held Wednesday morning at 9 o'clock in the Sacred Heart church, with the Rev. O. J. LaMothe conducting the services.

Rosary will be recited Tuesday evening at 8 o'clock with the Knights of Columbus attending in a body.

SPORTS TO AID LASTING PEACE

Stuhldreher Thinks U. S. Games Would Help Cure Nazi Youth Hate

BY JERRY LISKA

Chicago, Nov. 6 (AP)—Harry Stuhldreher, Wisconsin football coach and quarterback of Notre Dame's famed Four Horsemen, proposed today that a full program of American athletics be installed in postwar Europe as a means to a lasting peace.

Stuhldreher, addressing the Chicago Wailing Wall meeting, asserted that a "Democratic education" of hate-instilled Nazi youth could best be accomplished by versing them in American sports.

He recommended that senior and junior sports divisions, composed of intercollegiate and inter-scholastic athletes respectively be shipped overseas immediately after the war and drilled by soldier athletes available in an army of occupation.

"Since we probably will have to police the world," Stuhldreher declared, "we can work immeasurably towards a lasting peace at the same time by letting foreign youth grasp our democratic way of thinking on the athletic field."

"We can talk about educating European youth in every social field here is," he said, "But the best way to end bloody periodical conflicts is to make youth all over the world think the same way—in terms of sportsmanship and clean competition."

"If war-minded nations would fight their battles on Saturday afternoons on the athletic field, we'd have none of this confounded war mess."

MARKET GAINS ARE FRACTIONAL

BY VICTOR EUBANK

New York, Nov. 6 (AP)—Fractional advances were well distributed in today's pre-election stock market although rails and utilities lagged and many industries failed to do anything in particular.

Some bidding was based on the idea that prices probably would hold or rise moderately if the election went the other way and that a victory of the other side might touch off at least a temporary rally. At the same time, caution was the watchword for numerous customers and these either lightened accounts or stood aside to await the results of tomorrow's balloting.

The Associated Press 60-stock average was up 1 of a point at 55.4. Of 810 issues appearing, 385 were up, 55 down or unchanged. Transfers totaled 866,230 shares compared with 730,340 Friday.

Improvement was retained by U. S. Steel, Bethlehem, Chrysler, General Motors, Goodrich, Texas Co., Sears Roebuck, Westinghouse, Johns-Manville, General Electric, Du Pont Mines and Western Union. Losers included N. Y. Central, Southern Pacific, Consolidated Edison, North American, American Water Works, Anaconda, Kennecott, Woolworth, J. C. Penney, United Aircraft and Boeing.

Bonds were fairly steady. At Chicago wheat rose 1/2 to 1 1/2 cents a bushel. Cotton was up 40 to 60 cents a bale. In the curb Childs Co. preferred jumped 4 1/2 points and small plus signs were attached to American Gas, Cuban Atlantic Sugar, Creole Petroleum and Aluminum of America.

BOND RANGE NARROW

New York, Nov. 6 (AP)—Small gains and losses were about evenly divided in a quiet and featureless bond market today.

The rails, industrials and utilities in the Associated Press averages ended unchanged, the 10 foreign bonds advanced a small fraction and the 10 low-yielders lost a little ground. Sales of \$8,122,300 attested to the pre-election apathy of both traders and investors. Friday's turnover amounted to \$8,203,000.

The active popular priced rails ended in almost mathematical perfect balance between the number unchanged, higher and lower, but in almost all cases, changes were less than a point. Of the 10 listed Baltimore & Ohio bonds, 2 declined, 4 advanced and 3 were unchanged. St. Paul 5s and adjustment 5s both lost fractions but the less active 4s, 4 1/2s and 4 3/4s advanced slightly. Rock Island loans were virtually unchanged and those of the Missouri Pacific held close to previous levels.

Investment rated corporates made selective progress. American Water Works 6s moved up to 114, Armour 7s sold at 115 and Chesapeake & Ohio second 4s at 124. Governments were quiet but generally steady.

Foreign dollar bonds followed the general trend of the domestic list. Australia 5s and Brisbane 5s advanced. Antwerp 5s and Brazil 6 1/2s were among other losers.

CHICAGO PRICES

CHICAGO BUTTER

Chicago, Nov. 6 (AP)—The butter market was firm today and unchanged at OPA ceilings.

CHICAGO EGGS

Chicago, Nov. 6 (AP)—Eggs were firm; prices, large No. 1 and 2 extras, 50 to 51 1/2; No. 3 and 4 extras, 47 to 48 1/2; medium extras, 42 to 45; standards, 39 to 45; current receipts, 42 to 45 1/2; dirties, 31 to 34; checks, 31 to 32 1/2.

CHICAGO POTATOES

Chicago, Nov. 6 (AP)—Potatoes: arrivals 132 on track 244, total U. S. shipments, Saturday 879, Sunday 95; supplies moderate; for best quality western stock, demand moderate, market steady; for northern stock, demand slow, market dull; Idaho russet Burbanks, U. S. No. 1, 3 1/2; Washington russet Burbanks, U. S. No. 1, 3 1/2; Colorado Red McClures, U. S. No. 1, 3 1/2; Nebraska bliss triumphs, U. S. No. 1, 3 1/2; Minnesota North Dakota bliss triumphs, commercial, 2 1/2 to 2 3/4; cobbler commercial, 2 1/2 to 2 3/4.

CHICAGO GRAIN

Chicago, Nov. 6 (AP)—A broad short covering movement developed in grain futures markets in late trading today and prices gained substantially. Wheat and rye leading the advance. Pre-election nervousness was apparent in all pits and there was little selling pressure.

December wheat dropped back half a cent from the day's highs when longs took their profits just before the close but the July and September contracts remained strong to finish as much as 1 1/2 cents higher.

Corn was firm from the opening. The market was influenced by the trade in other grains and country offerings of new corn were light. Estimated receipts were 481 cars, the largest one day's business so far this crop year.

BOWLS WITH FOOT—Pvt. Norman Myhra, Rosholt, Wis., veteran who lost both hands in a mine explosion in France, demonstrates his new bowling technique at Percy Jones Hospital in Battle Creek. Shoving the ball with his foot, Myhra has scored two strikes in one game for a total of 84. At left, looking on, is his brother Clarence.

The Sports Parade

By Ken Gunderman

The Eskymos played their best football of the season Saturday in defeating Gladstone, 19 to 6. It was unfortunate for the Braves, who needed a victory over Escanaba to qualify for a piece of the upper peninsula championship, that they met the Eskymos when the Escanaba team was on the up-grade after a rather disastrous season. Gladstone played sparkling ball, too, and except for two unfortunate fumbles that set up the last two Escanaba touchdowns, there was little to choose between the teams. The score books won't show it but the final result should have been three touchdowns for Escanaba, two for Gladstone. Kinziger's dropping of a pass in the end zone in the final minute of play was another of those bad breaks that plagued the Braves Saturday.

The surprise player of the day was Don Wickholm, who scored all three of the Escanaba touchdowns and was the game's most consistent ground gainer. Wickholm played quarterback early in the season and then was shifted to guard, where he played most of the year. He has been the Eskymos' best blocker. He was transferred to fullback the final week of the season in the hope that he would provide the team with the offensive punch that had been sorely lacking. The hunch worked beautifully and Wickholm's drive converted the Eskymos into a really potent club.

Virtually the entire 1944 Escanaba squad will be back again next year, which makes the Eskymos' prospects for 1945 bright indeed. The two-year home and home series with Iron Mountain expired this season and it is likely that only a single game will be booked next year. That will make room for another opponent on the Escanaba schedule. An important

announcement in this regard may be expected within the next fortnight. If negotiations now under way are successfully completed, the Eskymos' 1945 schedule probably will be the best in the school's history.

Two teams, Hancock and Kingsford, have completed their schedules but how anyone can count Menominee out of a piece of the championship is beyond the realm of reason. True enough, the Maroons played a scoreless tie with Iron Mountain, while Kingsford nipped the Mountaineers, 7 to 0, but the Maroons' 33 to 0 lacing of the Eskymos while Kingsford muddled through with a 13-12 decision over Escanaba balances the teams. Menominee's 33-6 decision over Ironwood Saturday, the latter team previously undefeated, cannot be ignored, either. It is interesting to note that all of the points scored against Kingsford this season—24—were scored by Escanaba teams—12 by St. Joseph and 12 by Escanaba.

Lowdown On Navy Dug Up By Prof

BY WHITNEY MARTIN

New York, Nov. 6 (AP)—The old professor had watched Navy torpedo Notre Dame and he still was drunk with power—Navy's power—and good spirits (88 proof) as he faced his Monday morning class of football coaches.

Old Professor—What a per-faw-mance! What a per-faw-mance! Take it you are well pleased, Commander Hagberg.

Comdr. Oscar Hagberg, Navy—Yes Sir, I thought our boys played well. We beat them with our strongest point—through the line. Although they ganged up there, they left a weakness outside. I think Kelly is all the ball carrier they said he was, and that goes for O'Connor, the end.

Ed McKeever, Notre Dame—I thought Navy had a great club and a great line. They had a well-drilled, hustling club and would be hard for anyone to beat today. I'm as proud of my boys as if they had won.

Old Professor—I'm glad you both were thinking. Why the dark glasses, Mr. Cameron?

Eddie Cameron, Duke—I was just demonstrating how dark things looked at first against Tech. But the boys came through with the same fighting spirit they showed all season.

Bill Alexander, Georgia Tech—Duke has a fine team and the game was much like our game with Navy. We had our chances but couldn't make good. Carver of Duke was magnificent.

Old Professor—A regular cut-up, heh? heh? heh? Mr. Waldorf, you are pleased, I take it.

Lynn Waldorf, Northwestern—Very much, professor. I told you our gang always comes up for the Minnesota game. We've practically discarded the double wing and we undoubtedly threw you off the track with so much "T" and man in motion.

Dr. George Hauser, Minnesota—I've been through too many Northwestern games to expect anything different. They never disappoint us, much to our regret.

Old Professor—Any remarks, Mr. Frnk?

Henry Frnk, Tulsa—Quote—silence—unquote.

Jack Meagher, Iowa Seahawks—I'll say for Henry that he had a grand team but we were keyed up and positively had our best day of the season.

Old Professor—Mr. Stewart, I'd see you next week. Good day.

College Football Has Its 75th Anniversary

BY FRITZ HOWELL

New York, Nov. 6 (AP)—Inter-collegiate football in America observed its 75th birthday anniversary today.

On Nov. 6, 1869, at New Brunswick, N. J., Princeton and Rutgers players, 25 to a side, discarded their hats, coats and vests, twisted their suspenders into belts, and proceeded to do battle.

Rutgers won the historic inaugural, six goals to four, but just seven days later the Princetons turned the tables and beat Rutgers six goals to none. From that day until 1936, Princeton won every game between the two schools, Rutgers finally winning 20-18 on Nov. 18.

Princeton, in its opener against Rutgers just after the Civil War, introduced what is now the college cheer. The players, not the fans, did the vocalizing, and the yell was copied from that used by New York's Seventh regiment in the war between the states.

Tales of the inaugural disclose that the ball was "of a miniature size, made of rubber, and subject to frequent repairs. It was a game of kicking the ball and batting it with the hand. Carrying the ball was forbidden. A point was called a goal, made when the ball was sent between goal posts. There was no cross bar."

When details of the Princeton-Rutgers games were waited around, eastern seaboard undergraduates were intrigued. Columbia put a team together, and in 1870 played both Princeton and Rutgers. There were no games in 1871, but Yale came in 1872 to beat Columbia 3 to 0.

Cornell was next, in 1873, and tried to schedule a game with Michigan, to be played at Cleveland with 30 men to a side. But President White of Cornell ousted the idea with:

"I will not permit 30 men to travel 400 miles merely to agitate a bag of wind."

Left End Of Lions Is Called In Army

Detroit, Nov. 6 (AP)—Jack Matheson, left end of the Detroit Lions professional football team, received an induction notice today with directions to report at Kalamazoo Monday morning.

Matheson will play with the Lions against the Card-Pitt team here Sunday for his last game.

He passed his physical examination last April 20 and has been in a 1-A classification. He is 25 years old, married and father of one son. He played college football with Western Michigan college. This was his second year with the Lions.

Jim Lookabaugh, Oklahoma Aggies—We didn't bear down so hard because of the tough college schedule facing us. We played a smarter ball club and a better team.

Old Professor—I'm sorry, gentlemen, but our time is up. I'll see you next week. Good day.

Cadets Can't Do What Middies Did, Is Irish Warning

BY HAROLD CLAASSEN

New York, Nov. 6 (AP)—Notre Dame never has lost to both Army and Navy in the same season. Irish Coach Ed McKeever, whose lads were dunked by Navy Saturday relayed to New York football writers today the warning that his team has no intention of breaking the habit in this week's struggle with the cadets at Yankee stadium.

Speaking from South Bend, Ind., by telephone to the scribes at their weekly knife and fork soiree, McKeever promised his eleven would be "up for Army" and that "Navy is one of the finest college football teams I ever have seen."

Later, Walter Kennedy, Notre Dame tub-thumper who appeared before the writers in person, said two lineup changes would be made for Saturday with Frank Szymanski, 1943 second-string center, starting at the pivot post and either Bill Chandler or Jim

Brennan performing at left half. Capt. Johnny Buckler, one-time cadet halfback, represented the Army coaching staff at the debate and characterized this year's squad "untested except for the Duke game and in that one we stumbled around like an old maid on a skating pond."

"Unfortunately," Buckler added, "None of the teams we met so far had the personnel to make men out of our boys. Maybe we will become of age Saturday."

There's no doubt that Army will attempt to increase the 19-point victory margin which the Middies plastered upon the Irish in last week's 32 to 13 affair.

Army trimmed Duke, 27 to 7, after Navy had polished off the Carolina Blue Devils, 7 to 0. If the cadets maintain that ratio at Notre Dame's expense it will be the worst defeat in 25 years for the Irish—wiping out the 27 to 0 total piled up by the 1925 Army team. Duke is the only common foe of the two service teams to date.

However, Army hasn't scored on Notre Dame since 1938 and hasn't defeated the Irish since 1931.

He's just plain pigeon—that fellow who's getting the free lunch. But the one on your right is a pedigreed bird with a price-tag of fifty dollars. Breeding makes him an outsider, gives him that extra something which boosts his stock, something that makes him a prized possession.

Imperial has an "extra," too—an extra smoothness that makes it outstanding, that has boosted this whiskey to a front-row place among fine whiskies. Yes, the delightful smoothness of this famed "velveted" blend has made it one of the most wanted whiskies in America. Taste the difference.

RED CROSS SETS UP NEW SERVICE

Messages May Be Sent To Kin Liberated In Philippines

Plans have been completed by the American Red Cross to deliver messages from home to prisoners of war who are being liberated in the Philippines.

Information regarding the procedure to be followed was received Saturday by L. J. Jacobs, chairman of the Delta county chapter. It was emphasized that the service will be available only during the month of November.

Designed to provide the liberated prisoner in the Philippines with news of home as soon as possible after liberation, the service was made possible by the Red Cross through the cooperation of the War department, state department, postoffice department and the office of censorship.

Blanks upon which a message is to be written are available at the office of G. Z. Flanders, in the local home service department. Only one message will be accepted for each liberated prisoner, and its text will be limited to the space

available on both sides of the blank.

The public is being advised that the messages cannot be accepted for persons listed as missing in action. The service applies only to prisoners of war, both military and civilian internees, whose address is known to the writer.

Persons receiving message blanks from the local home service department may disregard the advice on the blank that "the message is restricted to 25 words." For this particular occasion, the sender may write as much as he can get on the blank.

Having completed the message, relatives and friends of liberated prisoners should air mail the completed form to the National Red Cross headquarters, Washington, D. C.

Although the Red Cross cannot agree to deliver each and every message, all efforts will be made to reach the addressee so that he may establish direct contact with his family as soon as possible after the islands are liberated.

The messages will, of course, be subjected to U. S. Army overseas mail censorship. No messages will be accepted by the Red Cross after Nov. 30. Neither will messages be accepted for free civilians or Filipinos.

94 Families Move To, From Escanaba

Accumulative school records, disclosed yesterday by Superintendent of Schools John A. Lemmer, revealed the fact that between May 31 and Oct. 31, 1944, an equal number of families, 94, have moved from and to Escanaba. Those moving to this city have a total of 167 children while those who left had 202 children.

Breaking down the number of families who left, 37 have gone to other states, 32 have moved from Escanaba into the county, 14 are now outside Delta county but in the upper peninsula and 13 families are now residing in the lower peninsula.

Thirty-four families have come to Escanaba from other states, the same number have moved from the county to this city, 16 are from other counties in the upper peninsula and 12 came from the lower peninsula.

The whereabouts of three families who left are unknown.

Mr. Lemmer also announced the sizes of the various grades in Escanaba public schools. Kindergarten are attended by 225 children, first grades by 240, second by 179, third by 162, fourth by 160, fifth by 149 and sixth by 122.

to be fighting. I say seemed to be, because actually you can't always tell. Street fighting is just as confusing as field fighting.

One side will bang away for a while, then the other side. Between these salies there are long lulls, with only stray and leveled shots. Just an occasional soldier is sneaking about, and you don't see anything of the enemy at all. You can't tell half the time just what the situation is, and neither can the soldiers.

About a block beyond the hospital entrance two American tanks were sitting in the middle of the street one about 50 yards ahead of the other. I walked toward them. Our infantrymen were in doorways along the street.

I got within about 50 feet of our front tank when it let go its 75-millimeter gun. The blast was terrific there in the narrow street. Cases came tinkling down from nearby windows, smoke puffed around the tank, and the empty street was shaking and trembling with the concussion.

As the tank continued to shoot I ducked into a doorway, because I figured the Germans would shoot back. Inside the doorway there was a sort of street-level cellar, dirt-floored. Apparently there was a wine shop above, for the cellar was stacked with wire crates for holding wine bottles on their sides. There were lots of bottles, but they were all empty.

I went back to the doorway and stood peering out at the tank. It started backing up. Then suddenly a yellow flame pierced the bottom of the tank and there was a crash of such intensity that I automatically blinked my eyes. The tank, hardly 50 feet from where I was standing, had been hit by an enemy shell.

A second shot ripped the pavement at the side of the tank. There was smoke all around, but the tank didn't catch fire. In a moment the crew came boiling out of the turret.

Peter Legg, State Representative of Delta County Has Cost the Residents of Escanaba and Gladstone Over \$40,000 in Utility Sales Tax!

Peter Legg Voted "YES" on the Bill to Add 3% Sales Tax To All Light and Gas Bills!

When asked why he had voted "YES" on this bill to add the Sales Tax to gas and light bills, he wrote back apologizing for his actions, saying "on the day the bill came up, he voted "YES" because he couldn't hear what was said . . . and made the mistake of voting "YES". That was the excuse our present state representative gave to explain why he voted "YES" on a bill that has cost his constituents in Delta County over \$40,000 since 1938, when the bill became law . . . That is more than \$40,000 over and above the Sales Tax you pay on other every day necessities!

That Is the Kind of Representation Delta County Has Had For 12 Long Years

Delta County Cannot Afford To Have That Kind of Representation!

That's Why Delta County Is Going To Elect A Young, Alert Man As State Representative.

"IT'S TIME FOR A CHANGE . . ." We MUST Have a Change!
